

Doctor Seeks Love

I represent a beautiful blonde blue eyed successful mid thirties physician who is searching for her like-minded soul mate.

Very attractive, humorous and charismatic, you'll need to possess a quick wit and an active mind to hold her attention. She is a closet Montreal Canadiens fan, but in recent years has adopted the Flames. Very fit, she rollerblades, hikes, windsurfs, cross country and downhill skis. She has traveled extensively and loves immersing herself in the culture she encounters throughout Europe, New Zealand, Tahiti and Mexico. Here at home she loves attending live music concerts (anything from rock to classical) sharing the black truffle and cheddar fondue at The Living Room, enjoying the seafood risotto at Capo or steaks and beer at Earls.

She would like to meet a 35-45 gentleman who shares her vibrant and active lifestyle, sense of humour and positive outlook on life.

Interested? Please email or call quoting CH#0720 for a personal and confidential interview at my Calgary office.
