

Jane Carstens
The Matchmaker

Private Executive Search

I currently represent an attractive successful Vancouver businesswoman in her mid thirties who is searching for a partner to share similar interests.

Extremely active and adventurous as she loves to snowboard and ski both at Whistler and at her second home in the Okanagan. During the summer she enjoys eighteen holes with the anticipation of breaking ninety and riding her motorcycle on an open stretch of Vancouver Island black top. Next summer she would like to explore Desolation Sound by scuba diving and fishing for salmon. She enjoys cooking, entertaining with friends and family, and spur of the moment adventure travel. Having her children part time allows her the flexibility to explore her interests both personally and professionally. She would like to meet a confident and intelligent, adventurous and spontaneous, 35+ gentleman who shares her view that life is to be enjoyed and thrived upon.

If you believe that my client matches your interests and would like to learn more about her please call or email quoting GM#1117 and I can set up a private and confidential interview in our Yaletown office.

(Fees are paid for by this client)
