

# Soul Mate Wanted

I represent a very handsome, physically fit, high profile, intelligent, successful Victoria gentleman who has hired me to find him his soul mate.

He has built a very vibrant and fulfilling career that allows him to travel to fascinating locations throughout the world. He enjoys a weekend at London's Lanesborough Hotel just as much as barbecuing steaks on the deck and sitting around the fire pit in the evening at his home in Victoria. Fitness is the fabric of his life and he attends the gym regularly, he is a runner, a golfer and a downhill skier. He entertains at home, reads mystery novels, frequents musical theatre, and loves spending time with his grown children.

He would like to meet an energetic, adventurous outgoing woman in her 40's who shares his interests, passions and enthusiasm for life.

Interested? Give me a call or email me quoting VTC#0216 for a personal interview in Victoria.
