

A division of
PURSUIT OF PARTNERS INC.

Private Executive Search

Our company represents a beautiful, fit, warm, affectionate and sophisticated woman who is looking for her partner in life.

A successful executive, she loves all outdoor activities associated with the west coast lifestyle, including golf, diving, hiking, boating, tennis and skiing. She enjoys adventure travel, the arts and music, laughter and peaceful evenings at home as much as an evening out.

She would like to meet a like-minded, equally ambitious, successful and polished gentleman, with a good sense of humour.

Age: 40's

If you are looking for a life long partner and believe this romantic lady matches your interests, please call or email quoting HA-0902 for a personal and confidential interview with Kim Sibbald.
